Reflections speak to me;
They tell me of my past.
They make my heart remember—
I see the time has gone so fast.
Reflections also show me;
Just what part I've done.
I see myself and peers;
And recall we had such fun.

# Superintendent of Schools

Dr. Thomas Looby

It is a pleasant responsibility and personal privilege for the superintendent of schools to respond to the invitation of senior class members preparing the 1972 TAWASENTHAN and write a few thoughts for incorporation in the yearbook.

This yearbook represents a notable creative effort and achievement on the part of the yearbook staff. Previous GCHS yearbooks reflect a high standard of literary and journalistic workmanship. I am sure the 1972 TAWASENTHAN will maintain and advance that standard.

For you who are seniors, a yearbook is a material reminder of four years of rich and varied educational and human experiences. Only a few, and perhaps not the most important of these experiences can be recaptured in photos and memoralized in words. But each one of you will long remember and cherish those incidents and experiences at Guilderland High School which touched you deeply: the teacher who showed real personal interest in you as an individual; the class or subject that stimulated you most to productive study and critical thoughts; that library book which triggered your imagination or broadened your vision of the world; the friend you met here with whom you have pledged to be friends forever; the day and place where you decided firmly and surely on your goal and plan for college or for a vocation.

You are very much the product of your experiences and the creation of those who have touched you in varying ways. It is well now to look back and assess these experiences in an effort to more fully understand yourself. What was good? What was not so good? What helped you? What hurt you? How effectively did you help yourself? When did you hurt yourself? What strengths did you develop on which you can now build further? What personal and academic weaknesses must you still remedy and repair? What have you become? What do you want to become?

May I congratulate you individually on your personal acheivement at Guilderland High School, and congratulate the senior class collectively on your exemplary achievement record. Our high school—our professional staff is better just for your having been here. We have profited by our association with you. We shall be better educators because we have learned from you. We hope you now believe you are a better person because your secondary education took place at Guilderland High School.

We sehall be here to help you in any way, should you wish to counsel with us in the years ahead. Just ask . . . for though you will soon depart from our halls and classrooms, you shall not depart from our minds and hearts.

# Principal's Message

Mr. Charles Ciaccio

One of the most difficult things for the young human to understand is mankind—for mankind is a paradox—contradictory yet consistent.

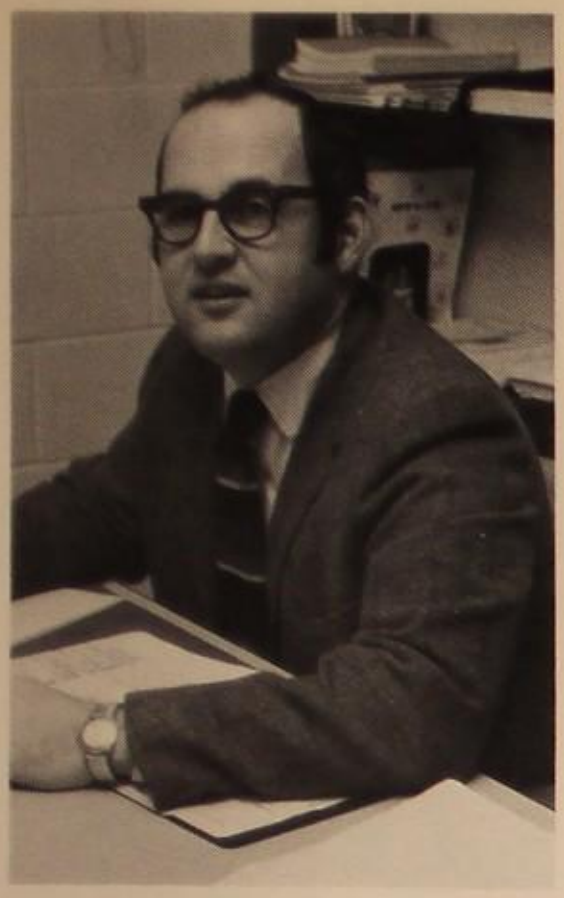
We are brought up to measure the things around us in order to find their value—how does one go about measuring man? How does one go about measuring a creature who loves deeply and still hates, strives for peace and wages war, professes equality among men and practices mass discrimination, is lazy and energetic, is extremely creative and at the same time destructive?

Perhaps part of the answer is individuality. Each can think and reason for himself, each comes to conclusions based upon his own experiences and self interest. Mankind, the builder of entire civilizations, still operates on the individual level with too little concern for the general well-being and too much concern with personal well-being.

Still, man alone cries and laughs, contemplates the hereafter, prays to his God and searches for answers which often lead him in opposite directions.

The point is—man alone has the gift of hope for a better day and the spiritual inner comfort of his God to sustain him in his efforts until that day arrives.

Each of you have all these qualities, how you use them, individually and as a group, will be instrumental in determining the kind of world we will have. I hope you are at least as successful as we have been. I pray your success will be great.



Mr. Joseph Purcell, Director of Curriculum

Mrs. Towbly

Mr. John F. Ryan, Assistant Principal

The class of 1972 is the first to graduate under our new administrative organization which places emphasis on humanizing education.

In an effort to provide a well rounded education the position of activities coordinator was created, a dean was named tto help guide those having difficulties following school policy. Mini courses were offered to students with special interests, and small group assemblies were held to give students the opportunity to express their views on how they would like their school changed.

I hope that the many experiences offered to the 1972 graduates have been meaningful and that you will continue to grow on the foundation that Guilderland High School has provided.

In our approach to education we have attempted to help you recognize your true abilities, and to build your confidence both academically and socially, that you have learned to understand yourself so that you will be able to work with others, have developed a sensitivity for the feelings of others, and a respect for the ideas of your peers even though they may be different from yours.

It is my desire that as a result of your four years at Guilderland High School you have developed a sense of loyalty to yourself, school and community. May the experiences that you have had with us lead you to success and happiness in the years ahead.

# Guidance

Planning the future for a prospective graduating student, is a very delicate process. The Guidance Department tries with earnest to guide students down a path which is most comparable to his abilities.

The student and counselor work together to produce a schedule that will most satisfy the students' hunger for knowledge in fields that he will excel and benefit the most from.

The counselors are forever scoping out new information on requirement changes of various colleges. Standardized tests are administered by the Guidance Department, revealing the qualifications and general knowledge that a student has.

Much recognition should also be given to the secretaries working for the Guidance Department. They type and send out many students' history records to college to which they have applied.

Putting both the secretaries and the Guidance Counselors together the Guidance Department is more than worthy of commendation in the tedious work they have done for us.

# Math

Mr. Robert Stimson, Department, 11AR, Comp. Math

The Math Department introduces to us the exciting, challenging, and sometimes frustrating world of proofs, equations, factors, fields, truth tables, limits and operations. Math teaches how to use our minds. For the student who has completed a four year Math sequence, the overwhelming continuity of mathematics is a concept which slowly makes its way into his understanding. It is a giant pyramid which is only beginning to be built in the mind. To the student who doesn't plan to continue in Math, the required subjects sometimes seem useless but there are few who could say that the patient and dedicated teachers of the Math Department have failed to reach them in some way.

# ENGLISH

Our ever expanding English Department strives to help us express ourselves better and appreciate the language arts. Communication, both written and vocal is encouraged by our English courses. The courses which a student studies throughout his school years gradually develop him so that he is able to go out into the world as an individual. Aside from those awful grammar lessons and vocabulary tests most students do find English an interesting and valuable subject. We learn to appreciate good literature, to express ourselves on paper and in class, and in most English 9, 10, 11 courses we are prepared for the State Regents Exam.

In our first three years of high school English we read such masterpieces as Shakespeare's ROMEO AND JULIET, Edmond Rostand's CYRANO DE BERGERAC and Nathaniel Hawthorne's THE SCARLET LETTER. Every student learns to criticize, praise and analyze literature on paper and in class. English students also write an autobiography in English 11.

English 12 is quite unique. We make use of our skills as we venture into specialized courses in literature, writing and in speech. Each student must take a minimum of two electives following English 11 to complete his English sequence. Among the electives offered are Public Speaking, Humanities, British Literature, Business English, Dramatics, World Literature, Modern Literature, Creative Writing and Journalism.

This year the English Department added a few new teachers and many who taught our big brothers and sisters came back to teach us. The new teachers, some who are fresh out of college brought new and exciting concepts to the department. Those who have been with us before add a certain amount of continuity and carry on the tradition of inspiring students to reach out for knowledge.

The one big addition in the work of the English Department was the English resource room, located in the old Biology Lab. Here students find a quiet place to read, study, and do homework.

# HISTORY

The many courses that the History Department offers, gives a student a better understanding of why the world is the way it is today. It also helps him to perceive his fellow man with less difficulty. Asian Studies, Problems of Democracy, Political Science, Communism, and Sociology all aid in this perception of man and his world. With a good background in anyone of these subjects, one has better incite as to what problems are facing us today, and how she must go about trying to solve them. Many of the History courses, illustrate the accomplishments and downfalls of past societies. Learning of these, it is possible for us to learn from these assets and misakes. Not only does one learn about his own society, but societies as far away as Asia are studied.

With the added knowledge and understanding that the History Department employes into each student, it is hoped that future societies will strive toward improvement, and the problems of the world will be slackened.

# Science

Mr. Orson Dunham, Dept. Head, Gen. Chem.

The world of Science seeks to explain the wonders of the universe. Scientific advancements are made every day. For this reason it is necessary for everyone to have some understanding of Science. The curriculum offered at Guilderland tries to meet the needs of the budding scientist as well as the needs of the students who may not intend to continue scientific pursuits. Whether one enters the Science Department for credit or in the pursuit of knowledge, a greater appreciation and understanding of our natural environment is obtained.

On the light side of Science. Those who didn't quite understand the metric system, the digestive system, the gas laws or the Dippler effect, may fondly remember D Chem, Mable and Mr. P. S. Cohn. The art of doing a chem lab is reverse, the talent for heating a beaker with the palm of one's hand and the discovery of the fudge factor are a few of the current advancements of our Science Department.

# HEALTH

Health is a half year course provided for those students who prefer not to delve too deeply into science such as chem. biology, or Physics. It gives one a general understanding of the body and of harmful diseases that may contaminate it. Drugs and sex are two other areas studied usually by discussion in class. Not only is this course a source of information, but also one of guidance. If a student has a problem, he is to feel free to discuss it with the class or privately with either teacher.

Mr. Nick Colamarino

Mrs. Nancy Burgoyne

# ART

Anything from painting a self-portrait to making a rug, could very well be the projects one sees while walking through the art rooms. The soft melodic voice of Joni Mitchell to the dricing, thunderous notes of Grand Funk Railroad, achieves an atmosphere that is only common to those rooms.

Drawing, painting, arts and crafts, advertising, and mechanical drawing are courses offered that may very well affect one's whole life style. If a student is planning to attend college and a portfolio is required, much attention and many helpful hints are given by the teachers of the department. This guidance aids and encourages a student to attain a portfolio he may be proud of.

# DRIVER EDUCATION

Mr. Wayne Goodnow

This course consists of classroom instruction and of course, actual driving practice. Traffic laws, common courtesy to fellow drivers and good driving habits are all part of Driver Ed. All students are required to drive under the supervision of a skilled instructor. Driver Ed. is a very popular course due to the fact that when a student finishes this course he receives a blue card, which allows him to drive at night, unchaperoned.

Mr. John T. Ryan, Department Chairman

Mr. Richard Bell

# FOREIGN LANGUAGE

French, Spanish, Russian, and German are the sounds one will hear when walking down the halls of our Foreign Language Department. One of its main aims is to bring faraway countries just a little closer to the student. The languages taught at Guilderland certainly represent a vast number of faraway places.

Language class includes much more than simply reading, writing, listening and speaking in a foreign language.

The resource center gives a student a chance to receive special attention in addition to the foreign films, magazines, and newspapers and short-wave radio.

# BUSINESS

Business is one of the most popular paths taken besides Liberal Arts. Many students wish to obtain well paying jobs immediately after completing high school. The many courses that are offered by the Business Department, help build a solid foundation on which a student can fall back on when applying for a job.

The Business Department is trying to formulate a Business Club. This club would enable interested students to visit various business firms to observe how one works in an office and to learn more about a field he is interested in.

Mr. John McKee - Band

While walking by the music rooms, one might hear anything from a Mozart Symphony to a hit by the Beatles. There are so many different instrumental groups at Guilderland, that they almost cover every type and aspect of music. The orchestra, band, and choir are what makeup the diverse Music Department. These groups are employed into the musical plays that Guilderland produces, enabling each student to express all he has learned.

Mr. Donald Webster, Concert Band, Wind Ensemble

# HOME ECONOMICS

Mrs. Mary Alice Ryan, Department Chairman, Special Class, Famiyl Living.

Along with the regular home economics courses, boys and girls also enjoy a variety of half-year electives in the areas of foods, clothing, child development, housing and interior decorations. Home economics rooms in both buildings provide a pleasant atmosphere in which to participate in short mini course sessions, like cake decoration, in discussion type classes such as family living, and in work type programs such as health career.

# INDUSTRIAL ARTS

Mr. Edward Munson, Department Chairman, Sp. Class, Auto Serv., Power, Ind. Ceram.

Wish to build a canoe, repair a car, construct a radio, or delve into a world of printing? The Industrial Arts offers such a wide variety of courses, that anyone of the above mentioned tasks is conceivable. Many of these skills are in demand. The solid basic and skill that one learns after completing an Industrial course, is usually enough to open the door to one seeking a well paying job in his desired field. Most of the courses offered, require the creativety of one's own hands, thus establishing a sense of accomplishment and satisfaction when a job is completed.

# Physical Education

The Physical Education Department at Guilderland, wages a constant "Battle of the Bulge". The main objective of this capable staff is to keep our student body physically fit. To accomplish this end, the gym teachers offer a variety of activities during the year. Everyone participates in soccer, football, volleyball, basketball, gymnastics, tennis, softball, and track. Variations include field hockey for girls and wrestling for the boys. Intramurals are offered in most sports for those who are more athletically inclined. Basketball seems to be a popular intramural sport, as the boys have a tournament and the girls have several "playdays" with other schools. The Guilderland gym program is successful due to dedicated teachers and a variety of activities provided.

# Health

Mrs. Dorothy Jenner, School Nurse Teacher

Mrs. Nancy Lown, Part-time Secretary

There is a room in the east building whic every student eventually visits during the year. This building is the health office. Mrs. Jenner, the nurse, keeps the students and faculty in good health. She checks our eyes, to make sure we can see the board, checks our ears to make sure we can hear the teacher, issue gym excuses so we can study for that history test, and give a clean bill of health to athletes so no one faints at practice. It's no wonder, Mrs. Jenner is so popular.

Mrs. Delores Weaver, Health Room Aide

# Library

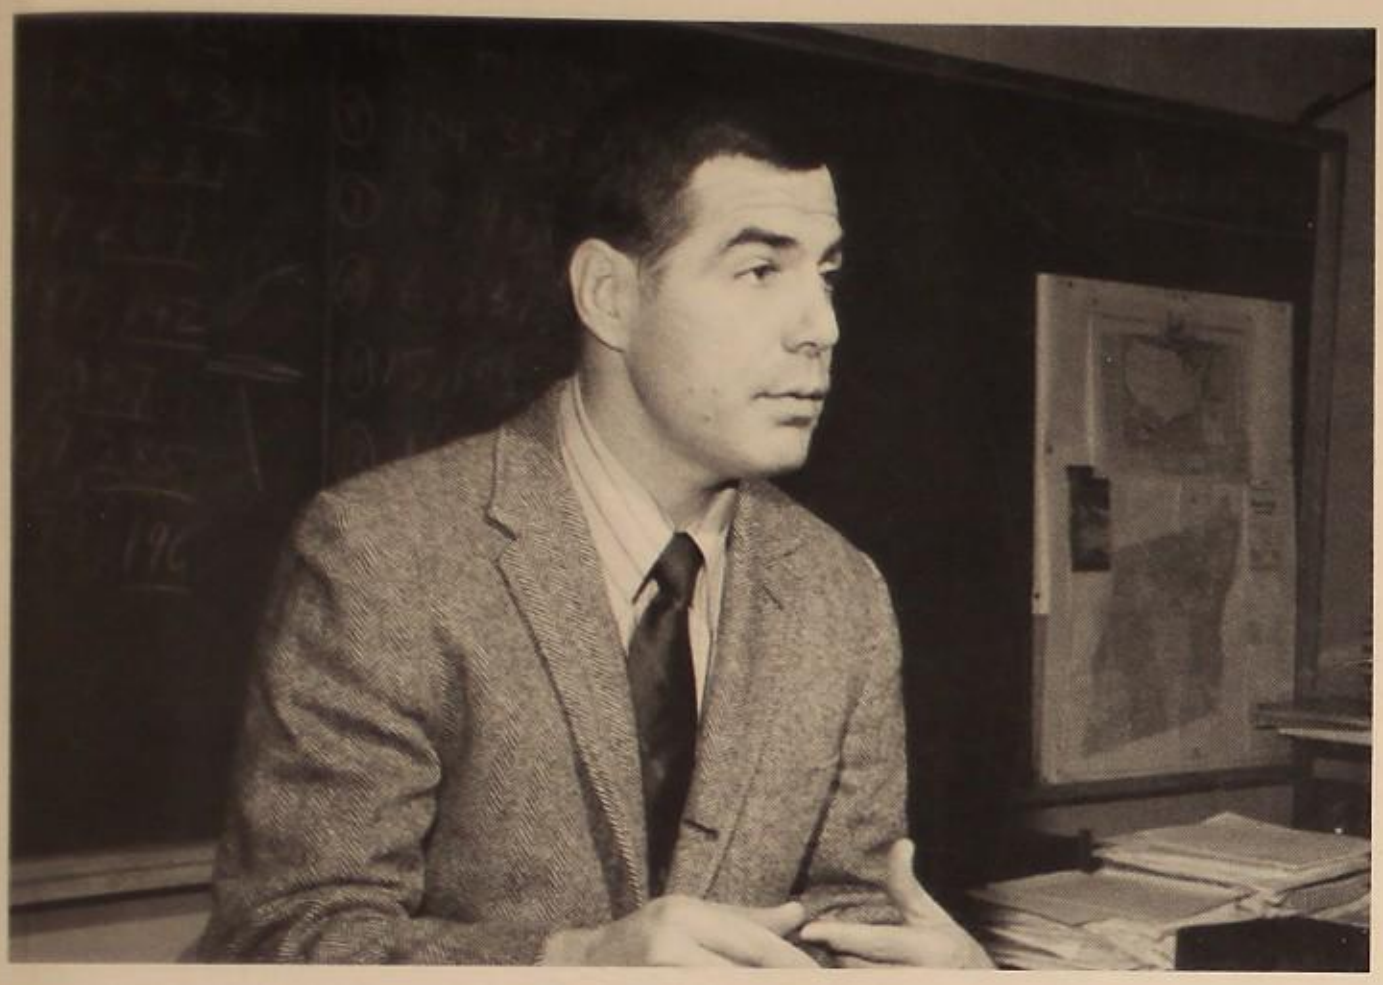
The Library is a source of knowledge for both students and teachers. In addition to the large collection of books, there is a vertical file and a microfilm collection. Recorded on microfilm are many issues of magazines. Also, the library collects over 100 different magazines and five daily newspapers. Fifty-seven study carrels now complement the tables, and all are equipped with lights and electrical outlets. These enable a student to use a record player, a filmstrip viewer or tape recorder as his assignment requires. There are two conference rooms for student use; they can be used as two units or as one unit.

The high quality of source materials available in our library and the expert assistance of the staff make it a valuable study center.

Miss Dolores Ropke, Department Chairman

Mrs. Jeanette Wilson, Assistant Librarian

# Special Education



Mr. Robert Iagrossi

Unknown to many, the Special Education class at Guilderland is under B.O.C.E.S., as is the vocational school. Books and materials are supplied by B.O.C.E.S., but the students are still involved with activities at school. They are not required to take gym Home Economics, or Industrial Arts, but most do, this being the decision of the teachers involved. A few also take art, and have proven themselves to be quite good. The students also do services for the school; such as working in the office or in Mrs. Jenner's office; and some are paid a small wage to do work in the kitchen. Outside of their regular curriculum, they are allowed to take Driver Education, or go to vocational school if they wish. The students go in various directions after their four years in the high school, some go on to get jobs. Taught by Mr. Iagrossi, each student makes an attempt to learn what he can in preparation for graduation and a satisfying way of life.

Mrs. Mosall, Dietician

With the addition of the ninth grade to the Senior High, our cooks have their hands full. The Cafeteria Department now has a total of three cafeterias to contend with. Mrs. Mosall, our dietician, plans the wide variety of meals provided, making sure the vitamins for a healthy meal are in each lunch.

Alone, aside, a busy bustling boulevard.
It is there,

Screaming black hair,
Feeling back there, like a child
With wounded knees. Crawling down low
Death not that far, spilling everything,
We find hard, and we feel very much

The Coaching staff greeted the August candidates, confident that 1971 would find us fielding another contender, but not fully aware of the accomplishments that this year's Football team would eventually achieve.

After graduating 24 seniors from the '70 squad, a great deal of work, planning, drilling, and effort went into the weeks of practice that preceded the opening home game against Niskayuna. As the team settled to a squad number of 23 young men, it became apparent that the group would not be one with a great many "super-stars" but with a little help from "Lady Luck", they might become a strong contender for the Suburban Council Crown.

With six days until opening day, disaster struck the team in the form of a flu bug. In spite of the weakened ranks, the team did battle with state ranked and defending Suburban Council champion Niskayuna, only to feel the string of defeat by a narrow score of 16 to 15, after leading at the half, 15 to 0.

Recovering from this major set back, the team closed ranks and went about keeping pace with the leaders, by winning the next four games, and setting the stage for the final three games against Shaker, Shenendehowa, and Burnt Hills.

Shaker fell 12 to 6, with the "Big Red" coming behind on the strength of a stout defense and the arm of co-captain Brian Meyl. The next obstacle was undefeated Shenendehowa, as the "Dutchmen" pounded out a decisive 15-8 team victory before a crowd estimated at nearly 8,000 people, thus setting the stage for the home finale vs. Burnt Hills.

The outcome of the Burnt Hills game seems to exemplify the very fiber of this year's Football Team. In a display of awesome defense and precision-like offense, the team rolled to a 21 to 0 victory, in what many described as the best looking high school football team they had ever seen for four quarters.

Above and beyond the achievements, records and accomplishments of this year's team, the fact that stands out most was the togetherness, and closeness of the squad. Week in and week out, different people came forth to contribute to the team's success. It was a year of **TEAM** all the way . . . there were no heroes . . . just 32 young men bonded together in an effort to achieve a goal . . . which they did in a grand style.

Perhaps the feeling for each other that the squad had can best be summed up, when the team voted at the close of the season for the most valuable player award. In what has to be a first in this type of thing, they selected "The Team", as the recipient of the annual award. Nothing could have been more fitting!

As the Guilderland Central Varsity Soccer Team rushed into the locker room, shouts like "hey, we're number ONE!", could be heard throughout the school. They achieved the same goal as that of the 1968 team, capturing the 1971 Suburban Council Soccer Championship.

Although the Dutchmen started out with a loss against Scotia, following games proved that the team was sparked with potent force and an aggressive attitude. The whole team played rough, scoring 51 goals in the 18 games played while allowing only 12.

The Big Red Machine scored high in their first 9 straight victory games. Senior Captain Arnie Armstrong who has been on the Varsity team since he was a freshman scored 21 goals for the season. Following Arn is Jr. Scott McNiven with 8 goals, and Sr. Doug Leninger with six.

The middle of the season applied pressure on the team as they traveled to the Warrior field to play their arch-rival Mohonason. Todd Gifford broke the ice in the first quarter, but Mohonason, destined to keep their lead broke back and scored also. The Dutchmen's great desire to win plus a discussion of game strategy from Coach Snyder brought a conquest to Guilderland as Arn Armstrong tallied in the final goal bringing the score to a victorious 2-1. After that game, all other teams wanted to destroy the Red and White from their tremendous record.

With only two losses from Scotia and Colonie, the Baffling Booters traveled to other games to display fine achievements of team work and all out efforts. Halfbacks Rick Artus, Pete Empie, Kevin Leary, and Hal Lapham all contributed in tallying scores.

# CROSS - COUNTRY --- They're off

The Cross Country team this year had four wins, six losses, and one tie (the tie being the first ever in the history of this school.) Even though the J.V. team had only two official meets, they came through with a perfect record of two wins and no losses. Varsity team captains were Jim Nelson and Tom Kirwan, the coach, Mr. William Drake.

The first annual Guilderland Invitational held at Tawasentha Park on October 2, turned out to be very successful with Rich Hutton placing sixth and Jim Nelson placing fourteenth out of the runners. The Frosh team came through with a second place, with Mark Vincent placing second. This meet was sponsored by the Guilderland Athletic Booster Club.

At the Bishop Gibbons Invitational on October 16, Rich Hutton placed sixteenth and Jim Nelson placed fifty-first out of 252 runners. Rich Hutton placed third out of sixty-eight at the Albany Co. meet at SUNYA. Guilderland placed eighth out of seventeen teams in the Section Two, Class A meet held at Central Park.

Other outstanding distance men were Doug Irons, Tom Kirwan, Dwight Mengel, Jim Hughs, Dave Palmer, Kevin Eldridge, and Bill Voorhees. With returning Varsity members and upcoming Junior Varsity members we can look forward to what promises to be a very fine season next year.

**Row 2:** J. Adamson, P. Dugerian, G. Broom, B. Meyl, D. Luther, B. Hayes, Coach Seaman

Although the 1971-1972 Varsity Basketball Team did not have a very good season this year, it did not affect the morale of the team or the school. Not once did the players, cheerleaders, rowdies, or spectators lose interest or hope. We never gave up regardless of how glum things really looked. At every game a large number of spectators would be on hand to cheer our teams on to victory. Usually they would go home disappointed, but none the less they would turn up at the next game in hopes of leaving in victory.

This year's team did however show some fine talent. Among the outstanding players were Brian Meyl, Geoff Broom, Mark Burlingame, and Rick Artus. Also the brothers, Junior John Leonard, and Senior Jim Leonard gave outstanding performances this year. Coach Seaman also deserves much credit for trying to pull this year's team together. Although they tried greatly and played some fine ball, the team simply could not come out number one. It was a great effort on the team's part, but remember it's not whether you win or lose, but how you play the game! Better luck next year fellows!

Mr. Robert Drake did it again this year with Indoor Track! Although the sport is fairly new to our school, he has motivated the boys into a great team. It was a fine season for them and the team has made a good name for themselves.

Using almost any surface to run on (the parking lots, hallways, and gyms) the twenty-five members practiced hard and were rewarded with a very successful Indoor Track season.

Aided by Mr. William Drake, and a group of hard working girls, the team developed pride, ambition, and potential in spite of several setbacks (inadequate facilities, and illness).

Outstanding members on this year's team were Gary Johnson, Mark Vincent, Thom Kirwan, Bill Voorhees, and Jim Nelson. Congratulations on a fine season!

Girls Athletic Association strives to promote the ideas of competition and good sportsmanship. This is done through ninth period intramurals in various sports and playdays with different area schools. Sports included are: archery, badminton, basketball, bowling, cheerleading, field hockey, leaders club, pep clubs, modern dance, soccer, softball, tennis, track and field, tumbling, and volleyball.

An incentive is the point system by which girls can become members of G.A.A. after earning a minimum number of points. A member may then accumulate additional points to earn rewards. These rewards include: most improved athlete, most outstanding athlete, highest leadership ability, and best sportswoman. The girl who has earned the highest number of points in four years will have her name ingraved on a plaque, while the freshman, sophomore, junior or senior with the highest number of points, will receive a silver megaphone as a reward for their hard work.

Through these events, activities, and honors, the ability to get along with people is developed as well as good sportsmanship. These results along with the fun encountered in athletic competition, tend to make G.A.A. a vital and popular club.

# Shaker, Shouts

**Varsity Cheerleaders:** J. Maher, J. Riley, R. Millberry, D. Munn, S. Murphy

Those of you in the stands who think the players have it rough, how about the cheerleaders ? ! ?

They jump around and try to encourage the spectators to be motivated; hoping to propel the team into an undefeated championship.

They rack their brains on their free afternoons compiling cheers with just the right rhythm to move the people in the stands.

They go through the various motions and invent new formations, and jumps to make the whole institution of cheerleading up to date and interesting for the viewers. They yell at the top of their lungs and watch the game with great excitement. They want to be proud of the players they cheer on to Victory.

School requires the cheerleaders to act "Prim and Proper", to keep up their image. They must associate with the "right" people, and keep on everyone's good side. They do a fantastic job, but they are only human (believe it or not), so give them a break!

The 1971 track team was blessed with two outstanding athletes namely Bob Davis in the pole vault and high hurdles, and long jumper Joe Gisotti, both of whom were sectional champ ons and represented Guilderland at the state intersectional at Union Endicott H.S.

Other outstanding trackmen were Gary Johnson, Joe Lammi, Craig Mengel, Bill Smith, Rich Hutton, Jim Stauch, Mike Conley, and John Drake. The team captains were outstanding leaders and they were; Mike Conley, Carl Johnson, and Craig Mengel. The team was coached by Mr. William Drake and Mr. Royce VanEvera.

School records broken this year were: 1.) High Hurdles—15.0: Bob Davis. 2.) Two mile—9:56.3: Carl Johnson. 3.) 880 relay—1:33.6: J. Lammi, J. Gisotti, B. Davis, and G. Johnson. 4.) 440 relay—44.6: J. Lanni, J. Gisotti, M. Conley, G. Johnson. 5.) Two mile relay—8:38.5: K. Kimball, R. Hutton, D. Leninger, C. Johnson. 6.) Triple Jump—41'3": J. Gisotti. Other notable performances were: Gary Johnson 10.3—100 and 22.5—220, Rich Hutton 4:35.9—mile, Craig Mengel 140'3"—discus, and Bob Davis 13'6⅛"—pole vault.

Guilderland finished with its best season since 1963, by competing a 10-5 dual record and 5th in section competition. Individually, it was a banner year for Bob Davis as he was a double winner and voted outstanding fieldman in the Albany County meet, took 2nd place in the William F. Eddy Invitational pole vault. He also broke the team's scoring record, eclipsing Jim Murphy's 206 poin s. For his many achievements he was voted the "Metroland Track and Field Athlete of 1971" by Knickerbocker News.

This year appears to be as strong as ever as the team will be returning 17 varsity lettermen.

The netmen completed their 1971 season with a fine 11-5 record good for 4th place in the Suburban Council, a tennis league considered to be the toughest in the Capital District as well as the rest of Section Two. Scoring many singles victories for the Dutchmen were seniors Steve Lemmerman (10-5), Brad Hildreth (10-6), and Larry Grant (10-6) and juniors Arn Armstrong (10-6), and Rick Artus (12-4).

Steve Lemmerman and Arn Armstrong were again selected by the Suburban Council to compete in the Sectional Doubles Tournament at Albany State. The previous year Steve and Arn were runners-up but this year they dominated the tournament and emerged, without the lost of a single set, as Section Two Doubles Champions. This victory entitled Steve and Arn to compete in the regional tennis tournament at Colgate U. and once again they eliminated all competition, and were crowned Regional Doubles Champions. This marks the first time that Guilderland netmen have captured Sectional and Regional tennis crowns.

III

Good morning, good morning reflection,
Somewhere we have to begin.
Even though,
The night seems so long.
Softly we wander with the wind,
Because two separate days
Have come and gone.
May not be days, but months and years,
But still it seems so long.
The wedding was grand.
We circulate, circulate.

Mr. Arthur Jewel, Yearbook Advisor

In the beginning of each year, the year book staff starts off with a trip to the Columbia Journalism Convention in New York City. There we receive many new ideas and advice for the publishing of our yearbook.

When we return, we start serious work. All the sections are laid out in a rush to meet the first deadline and then afier a brief rest, the rush is on again for the next few months.

This year, our theme section head, Sharon Murphy, chose Reflections for our yearbook. Marianne Richards, Senior section head paid tribute to the hard working seniors by putting together the seniors section and all the class accomplishments.

Cathy Haines pulled together over one thousand underclassmen for her section and Vince Capuano took our numerous sports activities and put them all in order for us. The various activities, clubs, dances, plays, etc. were coordinated by our own Jivin' Joanne Maher. Our financial whiz, Maribeth Lawson, got the adds, patrons and various donations that help to pay for our book. Cindy Stalker, our resident business tycoon, kept us all straight on our financial situation.

Our sincere gratitude goes to Mr. Jewell, who has the patience of Job and who had quite a job. (sorry, I couldn't resist). Also, to our editor, Mother Hen Linda Allendorph. We couldn't have done it without her. We all hope you enjoy our product!

The Guilderland Central High School Key Club is a boy's service club. Mr. Zahurak is the advisor again this year and Key Club is sponsored by the Western Turnpike Kiwanis Club.

The club participates in service projects for the school, student body, and also the community.

For the first time, this year Key Club accepted freshmen for members. As always, the annual spring Talent Show was a success. Some of the other services of Key Club are ushering at concerts, operating concession stands, selling "Guilderland" cushions, and showing the retarded boys around town. Much of the money earned by Key Club is donated to A.F.S., the scholarship fund, or the Red Cross.

# SCEPTRE SERVICE

Debbie, Cathy, Diane, and Marianne can't wait to dig in.

Debbie, Sue, Marianne, Joanne, Linda, and Joanne take time out from the Soiree to wish us peace.

Sceptre Service is the Guilderland Central High girl's service organization. New members are chosen by the girls who are already members. This year Sceptre accepted freshmen as well as sophomores in November.

With their new advisor, Mrs. Fairbank, Sceptre Service continued many of their traditional activities and began a few new ones.

Along with many of this year's applicants, Sceptre planned the annual Homecoming Activities, held on October 23, which was a success. On January 22, Sceptre sponsored the second Mid-Winter Ball at the Bavarian Chalet. And as usual, in February was the Slave Sale. For two days, Sceptre girls were doomed to fulfill almost any of their master's requests. At Easter time, Sceptre had an Easter Egg Hunt for the elementary students. In the spring, the girls dressed up in novel attire to collect money for the benefit of the foreign exchange program. Sceptre Service also served at banquets, ushered at school functions, had car washes and had a few pickle sales.

# Deca and Business Club

**First Row:** V. Van Alstyne, P. Lauterborn, K. Satterlee, T. Thomas. **Second Row 2:** J. Lajeunesse, M. Cramer, B. Carmen, A. Hoffman, B. Brunette, D. Carenter. **Third Row:** Mr. Leicht, T. Collins, D. Szary, D. Greenfield, B. Myel, M. Papandrea, D. Barnum, G. Wyctz

This newly formed organization has been very successful from all aspects. The students who comprise DECA are pupils who take retailing and consumer economics courses.

These individuals learn many helpful facts concerning the business world of today. In March they went to Concord for a workshop for all Distributive Educational Clubs of America. There they participated in contests the involving ad layouts and job interview competition.

Business Club is now in its second very productive year. All of its members are continually learning new and better ways of typing, booking, and taking shorthand. With the help of their advisor, Mrs. Harrington, they also learn how to operate new and complicated business equipment. Throughout the year Business Club has lent a helping hand to many of Guilderland's teachers who had back work piled up.

Miss Dolores Ropke, Honor Society advisor, making plans for the club's next meeting.

This year the Guilderland Chapter of the National Honor Society of Secondary Schools had a few more members than in previous years. With the addition of the West building to the Senior High School, freshmen were inducted in the spring and became an active member in September of their sophomore year.

One of Honor Society's main objectives is the promotion of education and s c h o l a r s h i p throughout the student body of G.C.H.S. Honor Society again this year stimulated the pupils of Guilderland to render service and learn all that is available to them by their program of the exchange of students in the Suburban Council.

Guilderland's Honor Society continues to promote and uphold educational excellence in the Guilderland school system.

Vice President, S. Patterson; President, L. D'Andrea; Treasurer-Secretary, E. Giallianardo

Drama Club, now in its fourth year, gave many individuals of Guilderland an evening of tremendous entertainment with their play "Goodbye, My Fancy."

On December 3rd and 4th, under the direction of their advisor, Mr. Warner, the club's first performance of the year, came off with a bang. The audience was simply delighted by the professional of the whole cast.

Again, as in the past, Drama Club presented their three one-act plays, which is now a tradition at G.C.H.S.

Through the work of all, each production was a success to all involved: cast, crew and audience.

The members of the F.T.A. club are a true "blessing" to teachers within Guilderland Central School District. One of the club's main objectives is to show what the word teacher means, and what it involves.

Many of its members are active in the "help" program in the Guilderland elementary schools. These members are almost considered teacher aides. They perform such duties as correcting papers, providing remedial assistance to students and on occasion they have actually taught regular classes.

P. Gover, S. Saunders, D. Doak, C. Van Wie

# Chess Club, Russian Club, Bridge Club

Chess Club is another one of our new clubs this year. The members of this club learn all the tricks on how to win at the intellectual game of chess. One of their hopes is to remain undefeated when they play school mates throughout the year. Good luck!

**First Row:** J. Howard, B. McMahon, T. Nardella, R. Wiebe

**First Row:** C. Smith, L. Groomes, L. Stout, D. Bartholomew. **Second Row:** P. Dugarian, S. Dugarian, D. Becker, R. Eisenberg, S. Patterson, J. Hamm

This club is a group of G.C.H.S. students who share a common interest: that is the study of Russian, as a language, its history, its present, its past and its future importance in an age where Russia is rapidly moving up in the world. Not only do the members of Russian Club study the language, they study the people and their culture.

Bridge Club joins the other clubs in just organizing this year. These students stay after a few nights a week teaching each other what they know about bridge. They are always looking for students to play and possibly enjoy learning a bit of bridge.

# Gun Club and Modern Dance Club

**First Row:** C. Durfee, M. Falcone, C. Casey. **Second Row:** J. Maher, C. Kearns, P. Dwyer, C. Carrow

This was Modern Dance Club's first year at Guilderland. Under the direction of Miss Gerhardt, the girls learned a new and expressive form of dance. Freedom and improvisation were two important factors in creating movements.

The club met weekly to work out new routines. And during the second half of the year, they presented assemblies to the Middle School and to the elementary schools throughout the Guilderland district.

Guilderland's Gun Club was just organized this year. Under the guidance of Mr. Basinait, these boys learn the different parts of the gun and how to use it. The club studies the various types of arms and occasionally use them when they go hunting. Maybe we could all use a little insight on the gun and its purpose.

**First Row:** H. LeVine, B. Leary, T. Harper, J. Meek, K. Ryan, K. Leary, T. Makoff

# Leadership Club and Aims Club

**First Row:** M. Passineaau, T. Kirwan, C. Schell. **Second Row:** G. Broom, B. Scherzer, M. Safford, F. Realbuto. **Third Row:** M. Garno, D. Perlee, D. Mier, B. Myel, E. Elze

The year 1971-1972 was no exception: Leadership Club again performed a great service to G.C.H.S. Consisting of athletes who have received their varsity letter, this club promotes sportsmanship among the student body of Guilderland. The athletes' jobs are welcoming officials, selling tickets at the various sports, officiating at intramurals, and aiding in any way to bring about a friendly atmosphere at games. Without Leadership Club we would not enjoy sports as much here in "Dutchman Country."

The Debate Club strives to provide to G.C.H.S., different view points of one topic so that we students can form an opinion. The members try to broaden the scope of our minds. It is the important goal of AIMS to keep us informed on the controversial happenings around us. The club communicates with us through guest speakers and also the "Motovational Punch". AIMS club has played an essential role in forming the opinions of the students at Guilderland.

# Wrestling Pep Club, Basketball Pep Club

This club, under the direction of Coach Wyld, consists of a group of girls who give time and effort to support the winter sport of wrestling.

These girls help score, sell tickets, make posters, and in general promote the whole sport of wrestling. Due to this pep club, the sport of grappling is swiftly becoming one of the most favorite sports at G.C.H.S. As in the past, a team with support has the ability to go farther, than the team without support; at Guilderland, we have the support of the Wrestling Pep Club.

Last year we placed second in the Suburban Council.

**First Row:** M. Richards, D. Ronan, L. Crawford, K. Kelly, J. Mislan, L. Lock, D. Munn, M. Moscinski. **Second Row:** C. Verch, B. Smith, S. Richardson, S. Passineau, J. Nitsky, P. Dunham, M. If you have ever been to one of our basketball games you'd see and hear what people mean when they say the Guilderland "Rowdies". They are a club consisting of members who promote spirit and cheering at basketball games. They join the cheerleaders in cheers and even start the cheerleaders cheering.

The bleachers really begin to rumble when "Hooper" arrives equipped with posters, signs, and megaphones. Their sense of spirit and confidence in their team is quite obvious to other spectators, as well as the team.

# SKI CLUB and ACTIVITIES COUNCIL

Again this year, Ski Club has proved to be one of the most popular clubs here at GCHS. This organization has offered Guilderland's students numerous opportunities to ski at the best ski resorts in the New England States.

The Ski Club has promoted safe skiing through the films shown at their meetings and this has played a large factor in the increase membership. Many people will discover skiing as their favorite winter sport and even more will join in on the fun of skiing, due to Ski Club.

**Ski Club Officers:** Courtlan Leubner, Trip Manager, Skip Jones, Secretary, Ed Elze, President. (Absent—Robin Milberry, Vice-President, Dawn Lupien, Treasurer)

Under the direction of Mrs. Harrington, these students run and maintain the Activity Center. The Activity Center is a room where students come to purchase tickets to school functions, find out when club meetings are, buy yearbooks, and buy pre-sale tickets to games.

Students on the Activity Council give up their free periods to operate the center. The Activity Council also sponsored some "Fun Nights" throughout the year. Ninth and tenth grade students came to school to play sports, listen to records, dance, play games and have refreshments. Activity Council has surely made it easier on Guilderland students concerning extra-curricular activities.

# EDUCATIONAL COMMUNICATIONS ORGANIZATION and MAJORETTES

**Row 1:** J. Balatiz, W. Ackerman. **Row 2:** K. Tymchyn, J. Heller, D. Bruce, S. Krug

Under the direction of Mr. Cherrington, the Educational Communications Organization has once more aided the teachers in bringing the students the best possible presentation of many subjects, through educational communications.

These students not only gave to have time but also the willingness and interest to learn the multiple facets of the media field.

At almost every home football game this season, Guilderland's Majorettes could be seen performing the routines they had practiced throughout the week. Numerous hours of rehearsals went into each performance.

Along with GCHS's band, the Majorettes always presented a smashing halftime show. With the winning combination of the Majorettes, the band and the team, each and every football game provided Guilderland's fans with an exciting afternoon.

# FOLK CLUB and ECOLOGY CLUB

**Row1:** C. O'Rourke, M. Falcon, S. Chandler, D. Taylor, L. Raeder, J. Knapp. **Row 2:** D. Wolfe, M. Springer, L. Hass, M. E. Bivona, M. Denoe, J. Nitsky, D. Rosenbloom, D. Papandrea

Folk Club is an organization of musically inclined students. They gather together to enhance their musical talents.

Their gatherings have resulted in a number of concerts this year, in which many of the students performed and shared their musical accomplishments with the school. An informal feeling presides over all the meetings. This is Folk Club's third year here at GCHS.

The Ecology Club again this year, launched a successful campaign against the pollution here at GÇHS and throughout the community. With the cooperation of many concerned students and teachers, Ecology Club's theme "Recycling", once again proved to be a triumph over the evils polluting our environment.

With their advisor, Mrs. Lien, how could the club do anything but help the problem of pollution. Some of this year's projects were to collect campaign posters, save bottles and paper for recycling, and have guest speakers come to school to stress the importance of using our resources carefully and cleaning up the environment.

# FOREIGN EXCHANGE STUDENTS

Jean Hampton dressed in souvenirs from India.

During the summer, I spent eleven weeks living with a family in India under the American Field Service — Americans Abroad Program. The entire experience has been wonderful; the exhilaration of travel, the excitement of discovering another culture, and the tremendous pleasure in meeting and befriending new people has made the summer of 1971 one of the most fascinating times in my life.

I stayed with the Bhagyanath family in Madras, a large coastal city with a hot, sunny climate. As soon as I arrived, I began to make discoveries within the fabric of Indian life. I was confronted with an entirely new background of sounds, smells and colors. Everywhere the streets were alive with activity, with all kinds of people, animals, cars, and buildings. Meandering cows, charming open-air markets, abject poverty, small shops and brightly colored Hindu temples made walking the streets of India a new fascinating experience.

I grew to love the Bhagyanath family with whom I stayed. Living with them was a wonderful period of discovering and learning. Mrs. Bhagyanath taught me South Indian cooking, their son tutored me in the Malayalam language, I attended college with their daughter in Madras, and both she and their cousin taught me Indian classical dance and music. It was exciting and a great deal of fun learning to adapt and become a part of an entirely different culture.

Mr. Bhagyanath was a professional magician, "The Mysterious Bhagyanath"; and a half hour magic show. Or as he said, "I am the girl who has a sharp blade pass through her neck every time her head is placed in the Death Dealing Chinese Head Chopper!"

After the eleven weeks came to an end we saw the beautiful Taj Mahal and had a rare opportunity to discuss international politics with Prime Minister Indira Gandhi.

Finally, we boarded the plane for New York and as I returned to America, I realized just how far I'd traveled during the summer. I've learned to appreciate and respect a different culture, accepting both its strengths and weaknesses. And I've made life-long friends on the other side of the world. In all respects, the past summer in India has been one of the most wonderful times of my life.

### ROSALINA CABABAT

I, Rosalina Babiera Cababat, am the American Field Service exchange student here at Guilderland Central High School for the year 1971-1972.

When I first set foot on American soil (in San Francisco), I was enhanced by its beauty and its serene atmosphere. So, I thought that there is no harm at all when you go out for a walk in the night by yourself. Out of curiosity, my friend and myself went for a walk one night. As we were walking, a man kept following us so we decided to stop in front of a house. We lingered there for a while, and as soon as the man started walking, we ourselves started back to the dorm. Then all of a sudden a car with two boys in it stopped in front of us. They got out of the car and followed us, scared to death, my friend and I started running back to the dorm as fast as we could. Reaching the dorm we were really relieved . . . . but . . . . boy that was a real exciting experience.

Although I've learned many facts about the American way of life through books and etc. . . ., there are many, many things that once in a while hits me and embarrasses me. I know that no two cultures are alike but I didn't realize that there would be that much difference. For instance, during my first weeks here I felt really strange especially when school first started. I was walking down the hall one day and like the usual hall scene (crowded and everything) I pushed my way through. When I started looking around I felt my face turn red and I was so embarrassed. Why? Because I saw the "scene of all scenes". What was it? Figure it out yourself!!!

Staying in a new place, with a new family, new friends, and a new environment seems unbearable for the first few weeks. Why? Because you feel like you're by yourself, alone and nobody to talk to. This was how I felt for a couple of weeks. But, thanks to my foster family, and my friends and the people I've met who made me feel that they like me and in general made me feel at home. Through them my whole year away from home was a wholesome year of exciting experiences. I could go on and on telling about what exciting experiences I've had but we're running out of space.

Visiting the U.S. was my childhood ambition. Thanks to the AFS and GCHS and to the people who in one way or another made this dream a reality. I don't know what to say but I'm really proud to say that I've learned to love the place and the people too. I know that I'll miss everybody but there's always a time for parting so, all I can say is "GOOD LUCK" to each and everyone and I hope FATE will be good enough to make all your dreams a reality.

Goodbye and best wishes to all!!!

Love,
Rosalina

# FOREIGN EXCHANGE STUDENTS

My name is Goran Ekstrom and I have been your exchange student from Sweden this year. Living here has been a new and interesting experience for me.

Having lived with three separate families, I have had a chance to learn about the American people and their culture. I've been to several concerts, including "Chicago."

I sent my Christmas vacation in Miami Beach, Florida. It was nice, even though I got a big cold when I came back to the cold weather.

I will remember this forever. Thank you.

Your friend,
Goran

**AFGHANISTAN — THE SUMMER OF 1971**

Under the American Field Service International Scholarship Program, I was able to spend two months this summer in Afghanistan. I lived with the Fazel Ahmad Safi family in Shah Shahid, the old section of Kabul, the capital. This allowed me a taste of their way of life. I was amazed at how different it is from our way of life in the United States.

The family that I lived with consisted of eleven people. The parents; Nana, the grandmother; four brothers, Noor, Gul, Ali, and Wali; four sisters, Jamila, Kamela, Agela, and Nadera; and a sister-in-law, Nasima. It was interesting to live in an all Moslem house. I was often awakened at five in the morning by my father praying towards Mecca. The religious holiday is on Friday instead of Saturday or Sunday.

Afghanistan is nowhere near the American standard of living. Although my father worked in the government and owned a yard good shop we had no modern plumbing. Once a week my sisters, my mother and I would go to the public washhouse. Cooking is done over a wood fire and a clay oven is used to cook bread. We ate our meals sitting cross-legged on the floor, using our fingers. The meals consisted of rice, potatoes, or eggplant. Once a day we got some meat, always lamb. For breakfast we had an egg or just bread. The laundry was washed by hand, in the courtyard.

The eleven AFSers to Afghanistan went on a three day trip to Bahmian and Bandimir. During the ride we came on a camel caravan. The people were nice enough to let us have a ride. It was exciting and I soon learned that camels are ornery creatures. Mine nearly threw me off.

Bahmian is where the statues of Buddha are. There are two statues; one 43 meters high, which the French government is restoring, and the other is 53 meters high. There are caves interlocked by steps that go to the head of the smaller Buddha. The view from the tops of these Buddhas is well worth the climb. They over look a lush valley.

Bandimir is the huge lake in the top of an extinct volcano and is 75 kilometers away from Bahmian. You are riding along in barren mountains on dirt roads and all of a sudden you are upon it. Bandimir! It is a startling bright blue lake, with no apparent source. In these barren mountains and on the desert live the Kochi people. They are nomads and you wonder how they can exist with their black tents, sheep and camels.

Asia is a people oriented place. The people were very friendly and always cooperative. The boys and girls; even the men and women were separated. They don't go to the same schools and are seldom seen anywhere together except in the homes. Many women still wear the chadari.

It was a fascinating and at times, very strange summer. A summer of contrasts and a summer of learning. A summer is strange and different when spent in Asia; living as a member of an Afghanistan family.

# Choir and Concert Band

Again this year, the mixed choir has presented the Guilderland community with fine musical entertainment. Under the direction of Mr. Richard Wagner they participated in both the winter and spring concerts.

On Palm Sunday the Choir presented Elijah and received a standing ovation.

Many thanks for the time and effort they have put into this group to make it a success.

For the second successful year, Concert Band has had a very rewarding and productive year.

Under the direction of Mr. Donald Webster, they performed in both winter and spring concerts. They contributed to the cultural education of many residents of the Guilderland community.

# Orchestra and Girls Orchestra

Under the direction of Mr. James McKee the Orchestra has progressed through the 1971-72 season in great style.

This year they performed in the winter and spring concerts and also a special performance at Christmas time.

Along with the other sections of the music department they have again given the school something to be proud of.

Under the direction of Mr. Richard Wagner, the Girl's Chorus had one of its most productive years. They performed in the winter and spring concerts and were a great success. The chorus is open to all girls in grades 9-12.

We thank Girl's Chorus for some fine performaces.

# Boy's Chorus and Stage Band

The Boy's Chorus, directed by Mr. Richard Wagner, is one of the newer choral groups in the school. The boys have worked hard this year to make the group a success. They have performed in both the winter and spring concerts and added much to both. All boys in grades 9-12 are eligible. Our congratulations to a fine and accomplished group.

The Concert Band, formerly known as the Dance Band, presented many selections in the several concerts they performed in throughout the year.

Under the direction of Mr. McKee, the many practices were held during ninth period.

We would like to congratulate them on their simply fine and outstanding performances.

# Wind Ensemble

Mr. Webster directs the GCHS Wind Ensemble and has made it a success. It is a select group of musicians and they are quite active in school musical activities. They have performed in both the winter and spring concerts and did an admirable job. Our congratulations and thanks for a fine job by an outstanding group of instrumentalists.

# Musical

P. Bookey sings of her new love.

Vince, Curt and Harold compare race notes.

Step kick, Step kick—one, two, three and a four.

John and Lynn on Cloud Nine.

Frank making arrangements for the crap game.

# "Guys and Dolls"

Sing along with Josh, Donna, and Sue.

Crapshooters hail Nathan Detroit.

"Bushell and a Peck" dancers going to it.

M. Safford chuckles at J. Spencer and F. Mooney doing the jig.

C. Richardson lends an ear as G. Garrison talks of marriage.

# Musical

Adele tells Nathan Detroit they are through.

The General scowls at the lying Crap Shooters.

The Hot Box Debutantes before they swing into action.

# Musical

This Year's muscial was a smash hit! Under the Direction of Mr. Fred Heitkamp and Student Director Mark Cenci, the players started with nothing and ended with a fabulous professional show. The players also had the combined talents of Mr. Vickery (stage manager), and Mr. Webster (orchestra director) both who dedicated much time and effort to the show.

Much, much credit must also be given to each actor. Each one worked hard for two months, to work up the best possible characterization.

This Year's "Guys and Dolls" was a phenomenal feat and all should be congratulated on a simply superb job. This show was by far simply the best musical to ever hit our school, and Guys & Dolls will surely go down in High School musical history!

The girls have finally gotten their men.

The Crap Shooters sing at the Save A Soul Mission.

The Debutante Singers wait for their cue.

# Junior Prom

**Junior Prom Court:** Arn Armstrong, Kathy Veley, Tom Kryzk, Wendy Pierce, Hal Lapham, Deb Kenyon, 1970 King Mark Garno, crownbearer Keith Kenyon, 1971 King Dave McGrath, 1971 Queen Sharon Murphy, crownbearer Lisa Murphy, 1970 Queen Barb Schuck, Pat Hutson, Brian Myel, Jan Nasholds, Pete Empie, Peg Martin, Carl Schell

King and Queen, Dave and Sharon, having the first dance.

The theme for the 1971 Junior Prom was "GAZEBO", a gay ninety setting. The general chairman was Peggy Martin with Wendy Pierce in charge of favors, and Sharon Murphy decoration chairman. Many other students participated in the long hours of work and preparation. After several weeks, the dance was held on the night of May 8th.

Maribeth Lawson headed the coronation arrangements. Later in the evening Dave McGrath and Sharon Murphy were crowned king and queen of the prom. Mo Hall took care of the refreshments and Kathie Tardiff arranged for publicity. The entire Class of '72 would like to thank Mr. Steven Basinait, class advisor, for his overall assistance in making the Prom a great success.

Shelly Cioppa and Karen Ragotzkie decided to show off their escorts.

Linda Allendorph and Rod Schinnerer, posing for the photographer with Bill Stalker and Diane Tammany.

# Homecoming

Bambi is escorted by the football team captains, Brian Myel and Dave Davenport.

Once again the Annual Homecoming Day of festivities was sponspored by Sceptre on October 23, 1971. The day began with a suspenseful football game as Guilderland hosted Shaker. At half time the Majorettes and Band presented a fine show followed by the crowning of Bambi Armstrong as 1971 Homecoming Queen. Other members of the court were Wendy Pierce, Alice Falzano, Jan Nasholds, Sharon Murphy, Deb Kenyon, Diane Munn, Gaye Schinnerer, and Sue Senuira. Eight o'clock began the dance entitled "Places of Our Past". The gym was decorated in fall colors by chairman Joanne Gunther and her committee. All of the day went smoothly and was enjoyed by all of those attending.

Peggy, Ben, Jim, and Sue talking over the plans for after the dance.

G. Broom and M. Burlingame discuss old times, as the girls listen on.

IV

Go,
It's a summer afternoon,
The sun is up so high,
And you skin will turn so warm . . .
. . . you find it's still so empty . . .
. . . only because you are still unborn.
You stroll in the morning waves,
You dazzle in the green.
You feel that awakening Fall
Begin to yawn.
Then we luster up our warmth,
We realize,
It's no longer dawn.

THE NEW LOOK IS OURS . . .

WHY NOT BE PART OF IT?

The College of Saint Rose is not new. We are almost fifty years old. But our look is new. Men, as well as women, are now taking advantage of the rewarding educational experiences offered here. Our community is composed of 850 undergraduate men and women, plus 150 faculty and administrative personnel, who plan programs together, and share thoughts in all areas.

A vigorous liberal arts curriculum, both flexible and innovative, is offered. Small classes make it possible for teachers to get to know you. Independent research and study are encouraged.

Why not join us in our educational adventure? For information about programs and admissions requirements, write to the Director of Admissions.

Automation has revolutionized much of our society, but yearbooks still require much individual attention. T. O'Toole and Sons, one of the first printers in the nation to produce yearbooks by offset brings to you progressive ideas tempered by experience and a reputation for painstaking workmanship. Our factory trained sales staff is always available for individual advice. Because of their backgrounds in the printing industry these representatives can easily solve any problems you may encounter with yearbook production—themes, layout, use of color, fitting copy, line drawings, advertising, proofreading and photography. Our modern plant extends a constant invitation to yearbook staffs and their advisors. Feel free to stop in at any time for an introduction to today's printing.

**Kathryn Carrow**

Great things come in all sizes and ways. A package of candy or bouquet of flowers tend to the heart of someone in love. Little children are wonderful because of their innocence, laughter, love for others and naive ways. They always seem to try to make you happy when you are troubled or depressed. They seem to have a secret wisdom but lose as they grow older.

As a person grows older it is a race that they keep this secret wisdom. Their life is full of problems that they are trying to cope with. Kathy, was one of the few people who kept the secret wisdom from childhood. As she grew older she enriched everyone's life. Kathy listened and helped you with whatever you did. You always knew she enjoyed you as much as you enjoyed her. She was a friend to be treasured always.

Even though Kathy has been taken from us she is not forgotten. Her precious and unique nature is what is remembered and never will be lost.

As the days go by she is appreciated more and we thank the Lord that we were blessed with such a wonderful friend.

I hope everyone will take heed and try to better themselves and enjoy life like Kathy did.

# Song of Long Ago

Whispering wind came uninvited
Looking for somewhere else to go
Here is a lamp I've left unlighted
Aren't you someone I should know?

Memory's flame is soon ignited
Lighting my lamp with amber glow
Quietly friends are reunited
Singing a song of long ago, la la la

Cry, cry for someone
Who just can't be happy
And be glad you can feel enough to cry

Younger than always, time descended
Bringing me brand new seeds to sow
Now that they've been a long time planted
What must I do to help them grow?

If it had been as I intended
I wouldn't have the peace I know
Loving the people I've befriended
And singing a song of long ago, la la la

As it began, so I will end it
Singing a song of long ago
Loving the people I've befriended
And singing a song of long, long, long ago
